

**Mike Spencer** is the Midwest Director of Training for Life Training Institute. He travels extensively throughout the United States motivating and equipping pro-life ambassadors to make the case for life in a winsome and compelling manner. Mike has led pro-life training for youth at three Boot Camps sponsored by the Wabash Valley Right to Life. View his website: <http://www.prolifemike.com/>

**Life Training Institute** – LTI was started by our president Scott Klusendorf in order to create a ministry that focused entirely on pro-life issues with the goal of maximizing its impact through single-minded dedication. Simply stated, our sole purpose is to train others to save lives. That’s what we’re all about. LTI’s message is centered on the humanity of the unborn, expressed in one question: What is the unborn?

Learn more at: <http://prolifetraining.com/>

**WVRTL Boot Camp** – For three years WVRTL has held a one-day Boot Camp designed to equip high-school and college-age students to become effective ambassadors for life. Pro-Life 101 equips youth and young adults with “Knowledge to Defend & Ability to Persuade.”

**WVRTL wants to expand the reach of Boot Camp** by bringing the training straight to churches’ youth groups. An invitation to hold Boot Camp at your church’s youth group will bring Mike Spencer as trainer; and all expenses will be covered by WVRTL.
